INSTRUCTIONS

1. Wipe a damp sponge over the entire plate to remove dust and contaminants.
2. Trace the pattern and lettering onto the tissue paper with a pencil.
3. Place the tissue paper over the plate and trace over the pencil lines with a dark water-based marker. Hold onto the tissue carefully so that the design doesn't shift as you trace.
4. Paint 3 coats of Margarita on the belly of the whale.
5. Paint 3 coats of Blue Lagoon on the body and tail of the whale.
6. Paint 3 coats of Orange Juice on the hearts.
7. Using the back of the pencil like a stamp, make a Licorice dot for the eye just above the corner of the mouth.
8. With an underglaze pencil, write "You Are Loved" underneath the whale.
9. Using the Bubble Technique, apply bubbles around the edge of the plate.

Bubble Technique:

- Mix 4 tablespoons of water with 2 tablespoons of Sea Mist in a cup.
- Mix in 1 teaspoon of Dawn dish soap.
- Blow into the mixture with a straw.
- Bubbles will come up to the edge of the cup.
- Push them over onto the plate.
- Let the bubbles pop on their own and dry completely.

TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- Use a contrasted colored marker to make the pattern more visible as you are painting.
- Use masking tape to hold the tissue paper while you are tracing if it shifts.
- Since the edge of the plate is curved, slightly tip the plate so the edges sit 'flat' to get the design to go all the way to the edge.
- Do the bubbles in sections, little by little, waiting for the bubbles to pop on their own.
